

GAMING RANGE

A range of cleaning products specifically designed for the products supplied by the 'gaming industry'.

Where they are most likely to be used:

Cleaning solutions are offered for the console unit, controllers and the wide variety of accessories available in the growing games industry.

Controller-Clene - sanitising wipes

CNC012 12 sachets

Ideal for cleaning and sanitising controllers that are used in conjunction with games consoles. Each wipe provides a cleaner surface where germs are effectively reduced. Alcohol Free.

Console-Clene - impregnated wipes

CSC050 50 wipes - tub

Large impregnated wipes, ideal for surface cleaning of a vast array of gaming accessories; from hand held device casings to stand on surfaces, these wipes will ensure a clean germ reduced finish. Keep the lid closed when not in use to lock in moisture.

Game-Clene Plus - Kit

GCP000 Micro-fibre cloth / 10 buds / 15ml solution / 1 scraper

A compact kit concealed in a modern pouch for removing dust and dirt from all surfaces. Special buds and tool provides access to hard to reach areas, such as around buttons and in plastic seams. Also includes a large, soft micro-fibre cloth.

Smart-Clene - impregnated wipes

SMC020P 20 wipes

A universal cleaner for hand held gaming consoles, MP3 players, mobile phones or touch screen devices, provided in a handy re-sealable pack. Safe for use on screens and provides a clean, germ reduced finish.

Sprayduster - 200ml invertible

SDUG200D 200ml aerosol

Pure compressed gas for blowing dust and debris from hard to reach areas of computers, game consoles and gadgets. The actuator allows the strength of blast to be controlled. The product should be used in short sharp blast and electrical equipment should be switched off. Environmentally Friendly.

CD/DVD/Blu-Ray lens leaner

BDC000 1 disk

Fitted with a soft brush to deliver safe and effective cleaning of Blu-ray and DVD compatible players, as well as PS2/3 and Xbox console units. The disc spins at approximately 100 circles per second removing dust and smears and providing anti-static protection to the lens.
